1. Identification

Product Identifier:	Product No. 750 - Concentrated Cleaner
Use:	Cleaner
Supplier:	Tucson Rubberized Coatings, Inc. 6351 S. Tucson Blvd, Tucson, AZ, 85706
Supplier Phone:	North America: (520) 293-7000
Emergency Contact:	ChemTrec 800-262-8200

2. Hazards Identification

GHS Hazard Classification:
Acute Toxicity (Oral) – Category 4
Acute Toxicity (Dermal) – Category 4
Acute Toxicity (Inhalation) – Category 4
Skin Corrosion/irritation – Category 1
Serious eye damage/eye irritation – Category 1

GHS Hazard Symbols:

GHS Signal Word: Warning Danger

GHS Hazard Statements:
H302 – Harmful if swallowed.
H315 – Causes skin irritation.
H320 – Cause eye irritation.
H335 – May cause respiratory irritation.
H336 – May cause drowsiness or dizziness.

GHS Precautionary Statements:

Prevention:
P102 – Keep out of the reach of children.
P261 – Avoid breathing fumes/mist/vapour/spray.
P264 – Wash thoroughly after handling.
P270 – Do not eat drink or smoke when using this product.
P273 – Avoid release to the environment.
P280 – Wear protective gloves/protective clothing/eye protection/face protection

Response:
P303+P361+P353 – IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.
P305+P351+P338 – IF IN EYES: Rinse cautiously for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P310+314 – Immediately call a Poison Control Center/doctor and get medical advice/attention if you feel unwell.

Disposal:
P501 – Dispose of contents/containers to waste in accordance with local/regional/national/international regulations.

Other Hazards which do not: Not applicable.

result in GHS classification:

3. Composition / Information on Ingredients

Chemical Name	Common or Other Name	CAS Number	Percent by Weight
Sodium alkane sulfonate	Not available	5324-84-5	1 - 5
Alcohols, C9 – 11, ethoxylated	Not available	68439-46-3	6 – 10
Sodium metasilicate	Not available	6834-92-0	1 – 5
Tetrahydrofurfuryl alcohol	Not available	97-99-4	1 – 5
Sodium hydroxide	Not available	1310-73-2	1 – 5
Acrylic polymer, sodium salt	Not available	68479-09-4	1 – 5

Occupational exposure limits, if available, are listed in Section 8.

4. First Aid Information

IF POISONING IS SUSPECTED, immediately contact the poison control center, doctor or nearest hospital. Have the product container, label or Safety Data Sheet with you when calling Tucson Rubberized Coatings Inc., a poison control center or doctor, or going for treatment. Tell the person contacted the complete product name, and the type and amount of exposure. Describe any symptoms and follow the advice given.

Inhalation:	Remove to fresh air and keep at in a position comfortable for breathing.
Eye Contact:	Rinse cautiously with water for at least 15 minutes. Seek medical advice/attention.
Skin Contact:	Wash with plenty of soap and water.
Ingestion:	Do not induce vomiting. Drink large quantities of water. Seek medical advice/attention.

Most Important Symptoms/Effects:

EYES: Irritation. Redness. SKIN: Irritation. Redness. INGESTION: Gastrointestinal symptoms. Vomiting. INHALATION: Respiratory tract irritation.

5. Fire Fighting Measures

Condition of flammability:

Not flammable.

Suitable Extinguishing Media:

Water fog, foam, carbon dioxide, dry chemical, alcohol foam.

Unsuitable Extinguishing Media:

Not available.

Specific Hazards:

Burning may yield carbon monoxide and/or carbon dioxide.

Special Protective Equipment and Precautions for Firefighters:

Self-contained breathing apparatus with full face piece and protective clothing if involved in a fire or other materials.

6. Accidental Release Measures

Personal Precautions, Protective Equipment and Emergency Procedures:

Wear rubber, neoprene or plastic gloves and eye protection. Avoid direct contact with eyes and skin.

Methods and Materials for Containment and Cleaning Up:

Contain and collect spillage with non-combustible absorbent material. Flush residue with water. Dispose of used absorbent in trash container. Dispose in accordance with local regulations.

Environmental Precautions:

Review local, regional and/or national regulations for disposal.

All trademarks registered. Al rights reserved.

7. Handling and Storage

Precautions for Safe Handling:

Wear rubber, neoprene or plastic gloves and eye protection. Wash thoroughly after handling.

Conditions for Safe Storage, Including any Incompatibilities:

Keep container closed. Keep from freezing. Keep out of the reach of children.

8. Exposure Controls / Personal Protection

Exposure Limit:

Not available.

Appropriate Engineering Controls:

Use self-contained breathing apparatus when working in confined areas without adequate ventilation. Should be used with adequate ventilation.

Individual Protection Measures:

Eye/Face Protection:	Goggles.
Hand Protection:	Rubber/neoprene/plastic gloves.
Respiratory Protection:	Organic Vapour Respirator.

9. Physical and Chemical Properties

Appearance: Clear green liquid.

Odour: Mild.

Odour Threshold: Not available.

pH: 13.2.

Melting Point: Not available.

Freezing Point: Not available.

Initial Boiling Point: 99°C (210°F).

Boiling Point Range: Not available.

Flash Point: None by TCC.

Evaporation Rate: >1.

Flammability: Not applicable.

Upper/Lower Flammability Limits: Not available.

Vapour Pressure: No available.

Vapour Density (air=1): >1.

Relative Density: 1.07

Solubility(ies): Water – complete. Other liquids – not available.

Partition Coefficient (n-octanol/water): Not available

Auto-Ignition Temperature: Not applicable.

Decomposition Temperature: Not available.

Viscosity: Not available.

Explosive Properties: Not applicable.

Oxidizing Properties: Not applicable.

VOC Content: Not applicable.

10. Stability and Reactivity

Reactivity:

Reacts with strong acids.

Stability:

Normally stable.

Possibility of Hazardous Reactions:

None under normal conditions of use.

Conditions to Avoid:

Incompatible materials. Avoid freezing. Do not mix with any chemicals.

Incompatible Materials:

Strong acids.

Hazardous Decomposition Products:

Burning may yield carbon monoxide and/or carbon dioxide.

All trademarks registered. Al rights reserved.

11. Toxicological Information

Likely routes of exposure:
Skin contact; Eye contact; Ingestion.

Skin Corrosion/Irritation:
Prolonged or repeated exposure may cause skin irritation and corrosion.

Serious Eye Damage/Irritation:
Irritation. Serious eye damage.

Aspiration Hazard:
No data available.

Inhalation Hazard:
Causes respiratory tract irritation.

Ingestion Hazard:
May cause gastrointestinal tract irritation with vomiting.

Acute Toxicity:

Chemical Name	LC50	LD50 (Oral)	LD50 (Dermal)
Sodium alkane sulfonate	Not available	1153 mq/kq, Rat	Not available
Alcohols, c9-11, ethoxvlated	**Not** available	2000 mg/kg, Rat	3300 mg/kg, Rat
Sodium metasilicate	Not available	1280 mo/kq, Rat	Not available
Tetrahydrofurfuryl alcohol	Not available	1600 mg/kg, Rat	5 g/kg, Guinea pig
Sodium hvdroxide	Not available	130 mo/kq, Rat	1350 mg/kg, Rabbit
Acrylic polymer, sodium salt	Not available	5000 mg/kg, Rat	5000 mg/kg, Rabbit

12. Ecological Information

This section is not required by WHMIS 2015.

13. Disposal Considerations

Disposal Methods:

Follow all government disposal regulations. Discard used absorbent in proper receptacle.

14. Transport Information

This section is not required by WHMIS 2015.

15. Regulatory Information

Safety, Health and Environmental Regulations:

Canada

Domestic Substances List (DSL) / Non-Domestic Substances List (NDSL): Listed on the DSL.

USA

Toxic Substances Control Act (TSCA) Section B(b): Listed on the TSCA Inventory.

All trademarks registered. Al rights reserved.

16. Other Information

Issue Date (D/M/Y): 05/06/2020
Replaces (D/M/Y): 05/06/2020

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information provided is designed only as guidance for safe handling, use, processing, storage, transportation, and release and is not considered a warranty or product specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.

It is the responsibility of persons in receipt of this product Safety Data Sheet (SDS) to ensure that the information contained herein is properly read and understood by all people who may use, handle, dispose or in any way come in contact with the product.

All information and instructions provided in this Safety Data Sheet are based on the current state of scientific and technical knowledge at the date indicated on the present SDS. Tucson Rubberized Coatings shall not be held responsible for any defect in the product covered by this SDS, should the existence of such defect not be detectable considering the current state of scientific and technical knowledge.

This Safety Data Sheet has been prepared in compliance with applicable Canadian and United States law. If you purchase this material outside Canada or the United States, where compliance laws may differ, you should receive from your local Tucson Rubberized Coatings supplier a SDS applicable to the country in which the product is sold or intended to be used. Please note that the appearance and contents of the SDS may vary, even for the same product, between different countries, reflecting the compliance requirements.
